

Wedding Cakes

All of our wedding cakes (with the exception of fruit cakes) are made from 4 layers of cake sandwiched together with generous layers of filling and covered with a thin layer of chocolate ganache under the fondant which adds strength (as well as a totally lush flavour!) to your cake. We also use the highest quality fondant available commercially for our wedding cakes, Carma Massa Ticino Tropic. Below are some guide prices only for wedding cakes. Each cake is tailored to your specific requirements, and the exact price will depend upon the size and design of your cake. Intricate designs such as large floral arrangements will be more expensive than a more simple design.

All prices include delivery and set up within 15 miles of Upminster (there may be a small charge to cover delivery outside of this).

We can also provide cutting cakes if the design you would like does not provide enough servings for your guests or alternatively if you would like a large cake but do not require the servings we can also offer the option of dummy/fake tiers.

Approx Number of Servings	Number of Tiers	Tier Sizes	Starting Price
60(36)	2	6" and 8"	£225
90(60)	3	5", 7" & 9"	£325
120(80)	3	6", 8" & 10"	£375
130(85)	4	4", 6", 8" & 10"	£400
160(110)	4	5", 7", 9" & 11"	£450
200(135)	4	6", 8", 10" & 12"	£525

Our servings are based on a 1" x 1" finger portion as each individual tier is around 5" in height. If you wish to serve your cake as your dessert please refer to the number in (brackets).

Simply Plain – £275.00 (Collection Only)

We also offer a 'simply plain' option. Which is a 6" 8" 10" (serves 120) cake covered in white or ivory fondant on a 12" covered board to match with a white or coloured ribbon of your choice. You can decorate this yourself or ask your florist to dress the cake for you as they will be able to advise you which fresh flowers can be safely used on cake. This can be a beautiful option for your day.
